

## CEL3B

### Marine and Land Based Cellular GSM900 Antenna

CEL3B is an omnidirectional dipole antenna. The CEL3B is manufactured in premium quality materials in order to prevent galvanic corrosion. Radiating elements are made of copper and copper alloy.

CEL3B has been sold worldwide for more than four decades. The antenna is subject for improvement at all times. The antenna has the same rugged design as all other AC Antennas products thus it withstands harsh environmental conditions, both on sea and land.
